

GM17 Caddycell Lamp

Use with either GM15 or GM16 batteries.

This superbly designed lamp is the must have accessory for anyone with a battery that has a T-bar type fitting. It is ideal checking your moth trap in the dark as well as camping, fishing at night etc.

To be used in conjunction with GM15 & GM16 batteries. Cannot be used without the battery.

Fits all batteries with a T-bar Jaw.

The lamp connects to the T-bar on the battery as shown above. Lamp and batteries sold separately.
