THE ALS ROBINSON TRAP BULB HOLDER CONVERSION KIT

Worried about three-pin bayonet bulbs going out of fashion? Worried about what to do with your old style Robinson Trap with 3 pin-bayonet bulb holder?

ALS have designed a simple conversion kit to adapt your old bayonet bulb holder to an ES screw thread bulb holder.

The SK22013/SK2014 comes with adaptor and ES bulb holder plus 125w ES bulb which simply screws over the old mounting.
